

The 1st Transnational Central European Circular and Digital Construction Conference: March 13th 2024

Organiser: Slovenian National Building and Civil Engineering Institute (ZAG)

Location: ZAG, Dimičeva 12, Ljubljana, Slovenia

Hybrid conference via MS Teams

Registration: <https://forms.gle/KcvFU6z3mjPEnvBg8> until March 12, 2024

The conference aims to become a significant point of need, barriers, and opportunities to circular and digital construction processing and valorisation in the Interreg Central Europe region. The conference offers unique discussion opportunities, networking, and exchanging information, knowledge, and good practices. Participation in the conference, a part of the ReBuilt project, is free.

Agenda

March 13th 2024
